Brain & Cognition PhD Scholarships

Thinking of enrolling in a PhD next year?
To help make up your mind, the Brain and Cognition Research Unit at the University of Adelaide is pleased to announce the availability of two types of scholarship for prospective PhD students.

Travel Scholarships
Four inaugural Travel Scholarships are being offered to assist students to find out more about study and research opportunities at the Brain and Cognition Research Unit. Each scholarship consists of a return economy airfare to Adelaide from anywhere in Australia and accommodation for two nights in the city.

To apply, simply email a statement of your academic record and a description of your research interests to Associate Professor John C. Dunn at john.c.dunn@adelaide.edu.au
The closing date for applications is 31 August, 2006.

Divisional Scholarships
Three Divisional Scholarships are available to support students embarking on a PhD in the Brain and Cognition Research Unit in 2007. Each scholarship is equivalent in value to an APA Scholarship.

Applications for these scholarships may be made at any time but initial expressions of interest should be sent to Associate Professor John C. Dunn at the above email address.

The Brain and Cognition Research Unit
The Brain and Cognition Research Unit consists of staff and students engaged in research in the fields of cognition, perception, neuropsychology, and individual differences in the School of Psychology at the University of Adelaide. As well as conducting basic research into psychological processes, the unit also has a strong interest in applied research conducted in association with several industry partners including the Defence Science and Technology Organisation. More information about this unit is available on our website at www.psychology.adelaide.edu.au/cognition.
